10. Tap on the Copy To option, at the top of the screen. Then, select the Data folder on your tablet. This is the default location for SurvPC to create your jobs.

- 11. Tap on the SurvPC icon, on the taskbar, to go back to the program.
- 12. Tap on the Globe icon, on the top, right-hand corner or the program. This will open the MAP VIEW screen.

This document contains confidential and proprietary information that remains the property of Carlson Software Inc.

- 13. Tap on the File drop-down in Map View.
- 14. Tap on .dxf/.dwg/.dgn.
- 15. Tap on Import .dwg.

16. Browse to your drawing file. It should have been saved in C:\Carlson Projects\Data\. Highlight it. Then, tap the Green Checkmark to load the drawing.
