How to load Metric Configure file:

- 1. Save the attached 'Metric-OEM-2021.cfg' file on your computer & make note of where you saved it as you will need it in the next step.
- 2. Open up Carlson Survey with embedded AutoCAD(OEM)
- 3. Go to Settings/Carlson Configure

4.Click 'Load'

Configure	×				
General Settings	Drawing Setup				
Project/Data Folders	Profile Settings				
Survey Settings	Surface Settings				
Localization Settings	Startup Settings				
Exit Help	Load SaveAs				

5.Browse to where you had saved the 'Metric-OEM-2021.cfg' earlier and click 'Open' & 'Open'
