

To Update the SurvCE software using a 9pin Cable:**1) Download SurvCE 2.0 using the link below:**

a. Click the link below:

<http://update.carlsonsw.com/updates.php?product=SurvCE&version=2.0&serial=36887-CAA47-107887-11440>b. Make sure the "Select Build" at the top of the WebPage is set to **2.08 or higher**

c. Then select the correct download in the list that matches up with your Data Collector

2) If you have Windows XP and need to install ActiveSync click the link below:http://update.carlsonsw.com/kbase_attach/290/ActiveSync4_5.msi*After it downloads click "Run" and then Follow the On-Screen prompts to install it.***For Windows Vista** computers without Windows Mobile Device Center click the link below:http://update.carlsonsw.com/kbase_main.php?action=display_topic&topic_id=496

3) When the program gets to the "Get Connected" screen, plug in the **9pin Null Modem Cable** from the Desktop Computer into the Data Collector.

4) **On the Data Collector** - Tap File & Exit to make sure you exit out of SurvCE before the Install if you are already running a previous version of SurvCE

5) **On the Desktop computer** - Click Next to search for the data collector, then immediately Tap the "PC-Link" icon on the Data Collector TWICE

6) Once the ActiveSync connects up tell it NO you do not want a partnership then It should have a Green circle and say Connected on the Desktop computer.

7) Double click the SurvCE file that you downloaded in Step 1. Click Run

8) Click Next / Click I Accept / Click Install

9) Click yes to use the default directory

10) Click yes to Re-Install.

11) Let the status bar go across on the Desktop PC and Click Finish.

12) **On the Data Collector** - Tap OK if it asks you to re-install.

13) Once the Status bar finishes on the Data Collector the install is Finished

14) To verify that you are now on the latest version --- Double-Tap SurvCE / tap the Equip Tab / Tap About SurvCE: Check to see that the version and date on the top match what you downloaded {i.e. – Version 1.67} tap Close after you check your version.

15) This completes the upgrade / install of SurvCE
