1.0 Introduction

Objectives

In this exercise you will install and register X-Port, the software necessary for creating Geoid Separation Files to be used with Leica SurvCE GPS applications. X-Port is also an excellent file transfer and data reduction utility, enabling the saving and printing of data processing reports.

2.0 Before You Begin

Getting Started

All you need for this exercise is the Leica SurvCE Installation CD and an internet connection.

3.0 Installation of Software

Objectives

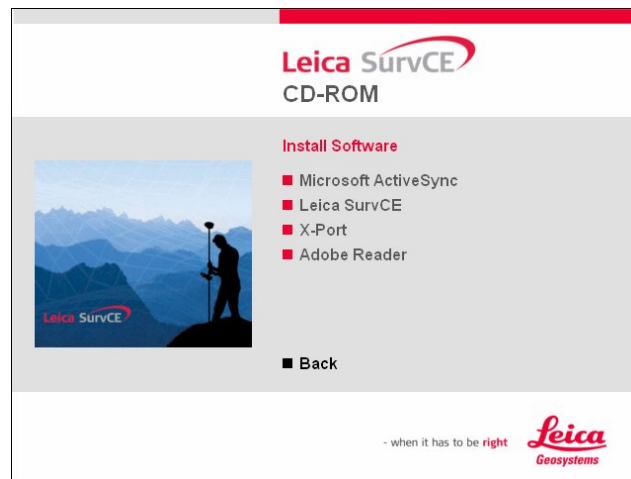

Install X-Port.

Installing X-Port

Insert the **Leica SurvCE Installation CD** into the CD-Rom drive of your computer.

From the main screen that is displayed when the Installation CD is inserted in your computer select **Software**

Select **X-Port**

Click **Next**

Enter the Serial Number that was provided to you with your documentation.

The Serial number is not case sensitive, but the hyphens must be entered.

Click **Next**

Select **English**

Click **Next**

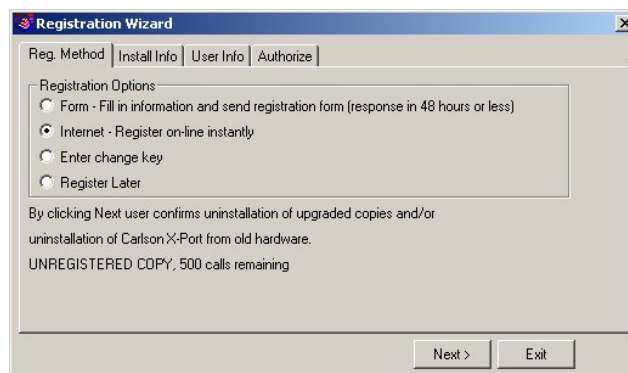

Click **Finish**

4.0 Registration of Software

Objectives

Register X-Port.

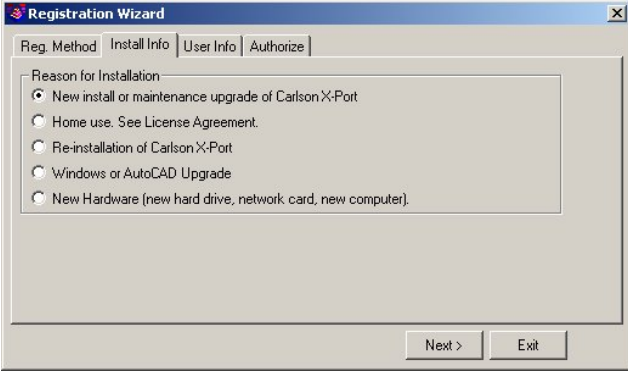

Registering X-Port online

Choose:
Internet – Register on-line instantly

Click **Next**

Entering Registration information

Registration Wizard

Reg. Method | Install Info | User Info | Authorize
